

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT
— OF THE —
Comptroller of the Treasury
— OF THE —
STATE OF MARYLAND.

TREASURY DEPARTMENT, COMPTROLLER'S OFFICE,

ANNAPOLIS, January 6, 1902.

To the General Assembly of Maryland:

I respectfully submit to your Honorable body, in pursuance of Section 9 of Article 19 of the Code of Public General Laws, this my second annual report, giving in detail a "statement of the funds and the revenues of the State and of the public expenditures," for the fiscal year ended September 30, 1901.

RECEIPTS.

The amount received into the Treasury proper, from all sources during the fiscal year, was \$3,243,154.12, as will be seen by reference to statement "A." This, together with the amount of \$849,885.16 in the Treasury proper September 30, 1900, and \$299,589.14 to the credit of the Fund's account, as will be seen in statement "F," will make the total \$4,392,628.42, including such balances.

While the receipts during the year have remained comparatively the same as the previous year, it is important to note the item of \$200,000, viz: The State Building and Improvement Loan. Bonds were issued for this loan and the amount realized from their sale should be deducted from the ordinary receipts, leaving as the revenue during the fiscal year, the sum of \$3,043,154.12.

A large increase is noted in the Tax on Gross Receipts of Corporations. During the fiscal year there was received from this

source the sum of \$361,125.75, as against the sum of \$275,240.98, of last year, making a gain of \$85,884.77. This amount, however, was not the result of an increase in the usual tax for the year 1901, but represents the accumulated taxes for several years against the Cumberland & Pennsylvania Railroad Company, the Pittsburg & Connellsville Railroad Company, the Confluence & Oakland Railroad Company and the Washington County Railroad Company, payment having been resisted through the Courts by said companies. Under the power conferred upon me by Chapter 556 of the Acts of 1900, a compromise, which in my judgment was advantageous to the State, was effected by me, and duly approved by the Governor and the Treasurer, the legal points involved being abandoned by said companies in favor of the State's contention.

I deem it my duty to also call your attention to the failure of the Northern Central Railway Company to pay the regular quarterly installments of \$22,500, which have lapsed since April 27, 1900, and which will aggregate on January 27, 1902, the sum of \$157,500.

Permit me to quote from my former report to his Excellency John Walter Smith, Governor:

"Under the act of 1854, Chap. 260, an agreement was entered into between the State of Maryland and the said Railway Company wherein it was stipulated that the Company should pay to the State an annuity of \$90,000, being at the rate of 6 per cent. on \$1,500,000, the amount due the State, said Company executing a mortgage to cover such annuity, with the privilege of extinguishment within ten years from the date thereof. The said Railway Company had promptly paid to the State each quarterly installment due thereunder up to and including the one due April 27, 1900. At that time the Company tendered payment to the State of the \$1,500,000. The treasury officials believing such tender, if made at all, should have been made within the ten years prescribed in said agreement, refused to accept the same, whereupon the Northern Central Railway Company entered suit to compel the State to accept the tender offered as extinguishment of the debt. The contention of the said Railway Company was denied by the lower court, from which decision an appeal has been

entered by the Company to the Court of Appeals, which will be heard at the January term of said Court."

When the case came up in the Court of Appeals the State's interests were ably represented by the Hon. Isidor Rayner, Attorney-General, the court affirming the decision of the lower court. From this decision of our Court of Appeals, the Company has taken an appeal to the Supreme Court of the United States, where the case is now pending.

DISBURSEMENTS.

Statement "B" will give you in detail the character of the disbursements and the Acts of Assembly authorizing the same, aggregating \$3,120,626.37, being \$359,907.89 less than the previous year, notwithstanding the fact that a much larger sum was carried to the Sinking Funds during the present year, exceeding that of the year previous by \$110,356.98. In said statement you will also find the balance in the Treasury proper at the close of the fiscal year, \$972,412.91. While this sum is the actual balance in the Treasury proper, I wish to call your attention to the fact that the cash available to the ordinary expenses of the government is only \$521,787.57, or a sum less by \$450,625.34.

This will be fully understood when I state that under Chapter 219 of the Acts of 1898 and Chapter 607 of the Acts of 1900, bonds were issued and the moneys arising from the sale of these bonds were covered into the Treasury, and were specifically dedicated to the purposes therein mentioned, the amounts at the close of the fiscal year being as follows:

Fifth Regiment Armory.....	\$142,540 14
State Building at Annapolis.....	258,085 20
Maryland Penitentiary	50,000 00
Total	\$450,625 34

The policy of the Treasury officials has been to retain in the Treasury only such an amount as was sufficient to meet the actual needs of the State, carrying into the Sinking Funds all amounts over and above this sum.

ESTIMATES.

Statement "C" shows the probable receipts into the Treasury during the fiscal year 1902 of \$3,050,778.30, which if added to the balance in the Treasury proper September 30, 1901, of \$972,412.91, would aggregate \$4,023,191.21. The probable disbursements during the same period aggregate, as shown by Statement "D," \$3,269,479.78, leaving an estimated balance in the Treasury proper September 30, 1902, of \$753,711.43.

FREE SCHOOL FUND.

The receipts and disbursements of this fund at the close of the fiscal year are fully exhibited in statement "E." The total receipts during the year, including the balance brought down from the year previous, are \$79,225.67, while the total disbursements during the same period were \$71,561.37, leaving a balance to the credit of this fund of \$7,664.30. The ordinary receipts to this fund have been somewhat augmented by virtue of increased dividends from stocks standing to the credit of the various counties, and by the further fact, of the Common stock of the Baltimore & Ohio Railroad Company declaring two dividends instead of one as in the year previous. As the stocks and bonds to the credit of this fund are held in trust by the State of Maryland for the benefit of all the counties and Baltimore City, it is a matter of satisfaction that the stock of the Baltimore & Ohio Railroad Company held by this fund, as will fully appear by reference to statement "F," amounting to \$88,500 of the Common, and \$62,000 of the Preferred, is now yielding a regular income.

SINKING FUNDS.

It is with pleasure that I now direct your attention to the condition of these Funds, at the close of the fiscal year, the several transactions of which will be fully shown in detail by reference to statement "E." The receipts during the year including the balances brought down from the year previous, aggregate \$633,972.60, to-wit:

Consolidated Loan of 1899.....	\$435,222 60
State Building and Improvement Loan	100,000 00
Penitentiary Loan.....	61,200 00
General Sinking Fund.....	26,500 00
Insane Asylum Loan.....	11,050 00
Total	\$633,972 60
Deduct balance Sept. 30, 1900.....	200,000 00
Actual receipts during year	\$433,972 60
Actual receipts during 1900	311,773 82
Increase over previous year.	\$122,198 78

Thirty-three thousand, nine hundred and seventy-two dollars and sixty cents of the actual receipts during the year, viz: \$433,972.60, represents the increment from investments, while the balance, viz: \$400,000.00, is the amount of the actual cash transferred from the Treasury proper to the Funds' account, a sum largely in excess of the constitutional requirement to maintain the integrity of these funds, and this also notwithstanding the fact of a reduction of three-fourths of one cent on the \$100 in the State Tax rate for the year 1901.

In order that you may see at a glance the character of the investments and the entire operation of this account during the fiscal year, the following statement is herewith submitted:

SINKING FUNDS	State Building and Improvement Loan	Frederick Co. 3½ per ct.	Laurel 4 per ct.	Baltimore City 4 per ct.	Cash Balances	TOTAL
Consolidated Loan of 1899	\$ 41,000	\$53,047.21	\$43,161.44	\$45,839.11	\$252,174.84	\$435,222.60
General.....	15,000				11,500.00	26,500.00
Penitentiary Loan.....	35,000				26,200.00	61,200.00
Insane Asylum Loan.....	9,000				2,050.00	11,050.00
State Building and Improvement Loan...	100,000					100,000.00
TOTAL.....	\$200,000	\$53,047.21	\$43,161.44	\$45,839.11	\$291,924.84	\$633,972.60

The \$200,000 of the "State Building and Improvement Loan," mentioned in the foregoing table, represents the remainder of the issue of the \$500,000 loan, as authorized by Chapter 607 of the Acts of 1900, and bears date of July 1, 1901, said bonds having been sold for the completion of the State Building at Annap-

olis, in accordance with the policy indicated in my former report, in which I stated "a cash balance of \$200,000 has been carried over to take up the remainder of the 'State Building and Improvement Loan,' for a like amount whenever the Treasury officials may deem it advisable to issue the same." It is worthy of mention, that of this \$200,000 issue, \$100,000 has been placed to the credit of its own Sinking Fund, thereby virtually cancelling the loan to this extent.

The statement also clearly exhibits the amounts and the character of other investments, together with the cash balance of \$291,924.84. A large portion of this cash balance has been invested since the close of the fiscal year in Baltimore City 3½ per cent. of 1940, and in the 4 per cent. bonds of the cities of Annapolis and Cumberland.

Statement "F" exhibits the entire holdings of stocks held for the use of the School Fund and Agricultural College, as well as all holdings to the credit of the various Sinking Funds, the latter amounting to \$1,709,511.84, as will fully appear by reference to the following statement:

STOCKS AND BONDS	SINKING FUNDS					
	Consolidated Loan of 1899	General	Penitentiary Loan	Insane Asylum Loan	State Building and Improve- ment Loan	AGGREGATE
Consolidated Loan of 1899	\$780,387.00	\$35,000	\$ 49,000	\$11,000	\$875,387.00
State Building & Improve- ment Loan.....	122,200.00	30,000	126,000	33,000	\$100,000	411,200.00
Frederick County 3½ per ct.....	50,000.00	50,000.00
Laurel 4 per ct.....	41,000.00	41,000.00
Baltimore City 4 per ct.....	40,000.00	40,000.00
Cash.....	252,174.84	11,500	26,200	2,050	291,924.84
TOTALS.....	\$1,285,761.84	\$76,500	\$201,200	\$46,050	\$100,000	\$1,709,511.84

OYSTER FUND.

Statement "H" exhibits the receipts and disbursements on account of this fund. The balance to its credit September 30, 1900, was \$5,365.74, which added to the receipts of this present fiscal

year, amounting to \$74,974.32, aggregates the sum of \$80,340.06, leaving a balance to the credit of this fund September 30, 1901, of \$20,471.49 as against \$5,365.74 at the close of the previous fiscal year.

It is gratifying to note the fact that the Oyster Navy, which has been showing a deficiency each year, for a number of years, was more than self-sustaining during the past year, under the operation of the law passed at the session of the Legislature of 1900.

In my report of a year ago I said, in speaking upon this subject:

"A deficit which has been carried from year to year, as former reports from this office will show, amounted at the close of the fiscal year of 1899 to about \$35,000. In order to provide for this deficiency and start the Oyster Navy upon a new basis, the Legislature of 1900 made a direct appropriation from the General Treasury under Chapter 59, of \$35,000. A new oyster law was also enacted at the same session, under Chapter 380, which it is expected will meet the demands of the Oyster Navy. The law having gone into operation so recently, it is impossible at present to say whether this expectation will be fully realized, but there is reason to believe that it will. The present law embraces details which are new, and which require some time for their proper understanding and adjustment. With such remedial legislation as the practical working of the law will suggest, and especially in the matter of collecting the oyster tax, we believe the law will be found satisfactory to those whose interests are immediately concerned."

I am glad to state that the present report shows that this expectation has been realized.

I suggest to your Honorable body the wisdom of repealing that part of Sec. 22, of Chapter 380, of the Acts of 1900, requiring the payment of a tax of 50 cents per month, per capita, for three months on the men employed on the oyster boats. This, in my opinion, can be done without seriously impairing the fund and will remove an onerous and objectionable tax.

I also call your attention to the method provided for in Sec. 58, of the Act already referred to, for the collection of the tax of one

cent per bushel on Oysters, and suggest that the subject be considered with a view of making such change as in your judgment, will render this part of the law more efficient.

ASSETS.

The State's Capital and Credits, as of September 30, 1901, are shown in statement "I." The stock of the Washington Branch of the Baltimore & Ohio Railroad Company, amounting to \$550,000, and the \$1,500,000 mortgage of the Northern Central Railway Company are still continued in the productive column notwithstanding the fact that dividends have been passed on the former since 1896. In my judgment this is a most valuable security and under the authority contained in Joint Resolution No. 10, of 1900, the Attorney-General has taken "such proceedings as shall be adequate and proper for the fullest assertion and protection of all rights of the State." The mortgage of the Northern Central Railway Company has already been fully alluded to in these remarks.

STATE DEBT.

The funded debt of the State at the close of the fiscal year, as shown in statement "J" is, \$6,509,326.13, an increase of \$200,000 over the year previous. This increase, has been fully explained in these remarks, by the issue of the remainder of the \$500,000 loan known as the "State Building and Improvement Loan." The net debt of the State in said statement on September 30, 1901, is shown to be \$2,662,344.29, which is an actual reduction since January 1, 1900, of \$225,698.66, which reduction would have been, during the same period, \$725,698.66, except for the issue of the \$500,000 loan authorized by the Legislature of 1900 as per Chapter 607.

While in statement "J," the gross funded debt is \$6,509,326.13, the offset to this debt, consisting of stocks and bonds (at their par value) together with cash standing to the credit of the sinking funds, aggregates \$3,846,981.84, leaving the net debt as above stated, \$2,662,344.29. The securities so held by the State are highly valuable and, in my judgment, if a proper price were obtained for them the tax of 4½ cents on the \$100 levied to pay the

interest on the State debt and provide for the payment of the debt at maturity could be dispensed with.

ASSESSMENT AND LEVY OF 1901.

The assessed value of property for State purposes, as shown in Statement "K," aggregates, \$643,812,408, or an increase of \$27,092,626. While the State tax is $\frac{3}{4}$ of one cent less for the year 1901, yet by reason of the increased basis, the tax at 17 cents on such basis, if realized, would produce within \$196.52 of what it did last year.

PUBLIC SCHOOL TAX.

Statement "L," shows the receipts and disbursements on account of this tax during the fiscal year now closed. The receipts during the year were \$727,314.41, which, added to the balance on hand September 30, 1900, aggregate \$1,077,270.48. There was disbursed during the year among the several counties and Baltimore City, the sum of \$720,455.85, leaving as a balance on hand, October 1, 1901, the sum of \$356,814.63, as against \$349,956.07 for the same period last year.

In the apportionment of this tax during the year, I have found the rule I established of distributing more equally among the counties and Baltimore City the quarterly installments thereof, has worked most admirably. The distribution heretofore made on the 15th day of June (close of the scholastic year), always exceeded very largely the other distributions, but by distributing an extra sum of \$25,000, on the first days of October and January and the 15th day of March, the several counties and Baltimore City have gotten the benefit of these amounts at once.

FREE SCHOOL BOOKS.

Statement "M" exhibits clearly the condition of the Free School Book Fund at the close of the fiscal year. The receipts were \$138,455.08, while the disbursements during the same period aggregated \$153,532.74. The summary in said statement shows a deficit of \$164,314.67 since the levying of this tax in 1896, thus demonstrating that the 2 cents levied on each \$100 has never been

sufficient to support this fund and that the Treasury has been drawn upon as above shown to the extent of such deficiency.

STATE TOBACCO INSPECTIONS.

Table No. 7 gives in detail the operations of the State Tobacco Warehouses. The gross receipts during the year are shown to be \$79,223.62, while the disbursements are \$77,531.20, leaving as the net earnings, \$1,692.42.

MISCELLANEOUS.

It is impossible in these remarks to call your attention specifically to each statement and table, hence, I have only commented upon those I deemed most important. The remaining ones, however, contain much valuable information and are well worthy your careful attention and perusal.

CONCLUSION.

It has been my endeavor in these remarks to present for your careful consideration, such matters as in my judgment are necessary to a clear understanding of the financial affairs of the State, so that the General Assembly may be able to act intelligently upon all matters, which may be brought before it, touching the State's finances.

You will share with the Treasury officials, I am sure, in the feeling of satisfaction which we have in the excellent showing made by the present report, and with such wise and prudent action as will, I have no doubt, characterize the present session of the Legislature, we may continue to narrow the margin of the State's indebtedness, looking at no distant day to its final extinguishment.

I must again acknowledge, and with great pleasure to myself, the able assistance I have always received from Hon. Murray Vandiver, State Treasurer, and the efficient and valuable services which have been performed by those employed in the Comptroller's office.

Respectfully submitted,

JOSHUA W. HERING,

Comptroller of the Treasury.
